

Constitution for ICU Synthetic Biology

1. Name

- 1.1 The club shall be a member of the Royal College of Science Committee.
- 1.2 The name of the Club shall be Synthetic Biology, hereafter referred to as 'the club'.

2. Aims & Objectives

- 2.1 SynBIC shall bridge the synbio knowledge gap by providing members (undergraduates, postgraduates and staff) access to synthetic biology education, such as its foundations, latest updates, societal context and impact on innovation and technology.
- 2.2 SynBIC shall strengthen links with other synthetic biology hubs across the UK through meet-ups, networking events, talks and conferences. It shall also arrange meetings and collaborations with other stakeholders and funding bodies with an interest in the field.
- 2.3 SynBIC shall establish a communication platform that will benefit all fields (often, approaches and techniques used in synthetic biology are borne from other more traditional and established fields, such as molecular biology, microbiology, mathematics and computer science).
- 2.4 SynBIC shall give iGEM alumni (who are often those filling influential positions within the field) the opportunity to offer advice and mentorship to current students and alumni considering being part of future iGEM teams.
- 2.5 SynBIC shall encourage continuance for projects started during the iGEM competition through linkages with Industry and the provision of fresh entrepreneurial and research opportunities
- 2.6 SynBIC shall facilitate opportunities in synthetic biology research or industries for interested individuals (UROP placements, PhD opportunities, Internships with startups and Industry)

3. Statement of Intent

- 3.1 The constitution, regulations, management and conduct of the club shall abide by all Imperial College Union Policy, and shall be bound by the Imperial College Union Constitution and Regulations.

11.2 The club will submit an annual Risk Assessment to the Deputy President (Clubs & Societies) for its activities.

12. Additional Activities

12.1 Journal clubs and workshops to discuss latest synthetic biology advances and provide background knowledge to students new to synthetic biology in a relaxed environment

12.2 Mentorship for future iGEM teams through the organising of iGEM-specific events, including information sessions, feedback from iGEM alumni, team-building activities, website design workshops, and more.

12.3 Invited talks: guest lectures by prominent synthetic biologists on their work and other interesting synthetic biology topics

12.4 synbio careers development by providing research opportunities in academia and industry (UROPs and industry/startup internships)

12.5 Networking events to allow students to make new academic and industrial contacts, and encourage membership of new students interested in synthetic biology

13. Constitution

13.1 The Constitution shall only be altered by consent of two-thirds majority of the full members present at a general meeting. The Management Group shall approve any such alterations.

Constitution for ICU Synthetic Biology

13.2 This Constitution shall be binding on the club officers and members, and all other constitutions are hereby revoked.

13.3 This Constitution has been approved in accordance with 13.1. above, and accepted as the Constitution for Synthetic Biology on 16/11/2016 by Laura de Arroyo Garcia and Lloyd James
