Purpose: To move the vintage vehicle motor clubs from the Recreation Vehicles MG to their respective Constituent Unions.

Decision(s): To **approve**.

1. Context

Three Vintage Vehicle Motor Clubs exist at Imperial College Union which each manage the vehicular mascots that represent the CGCU, RSMU, and RCSU. Historically, these Clubs have existed separately under their respective CUs, but at some point were re-assigned under the Recreation Sector and managed as a sub-group, RE Vehicles.

The RSMU, RCSU, and CGCU all receive faculty funding in addition to their Union funding.

The Clubs have historically been supported via a ringfenced fund which meant that, even with the Clubs' lower membership numbers, they could operate sustainably. In the wake of changes to the Union funding model which removed ringfencing, the Clubs must leave the Recreation Sector and be re-assigned to their original Constituent Unions and thus receive faculty funding through them to ensure continued operation. The Constituent Unions have supported this.

CSP policy states that:

"5.3 All CSPs must be a member of a single MG."

"5.3.2 CSPB shall decide which MG a CSP is a member of."

2. Proposed Changes

The following changes in management group are proposed.

CSP	Current MG	New MG
RCS Motor (640)	RE Vehicles	RCSU
REV RSM Motor Club (648)	RE Vehicles	RSM
REV VVMC (614)	RE Vehicles	CGCU

3. Recommendation

CSPB is asked to **approve** the proposed changes outlined in section 2.
