1. Overview

This paper summarises the current financial position of all CSPs (including closed groups with remaining funds) as of 18 March 2025.

As of this date, 394 CSP cost centres were in a positive overall position and 24 were in a deficit. These 24 centres have been detailed in this paper, with commentary explaining how the current position arose and what mitigating steps have been taken so far.

The long-term plan is to introduce debt-management plans into ICU Activities Team operations. This project is being led by the Activities Manager and the Activities Coordinator (Finance) with a view to create plans by the end of this academic year, to implement fully in the 2025/26 academic year.

2. Full Data

The full funding balances as of 18 March 2025 can be viewed in Appendix 1.

3. Recommendations

The committee is asked to **consider the recommendations** and comments, and to **recommend to the DPCS/Activities Team** what action, if any, should be taken.
