Activities Forum

11. Cyber Security Society MG Change

Author(s):	Tom Gordon — Deputy President (Activities) Aidan Madge — CGCU Clubs and Societies Chair
Seconder(s):	Joe Reynolds — Cyber Security Society President (2025/26)
Purpose:	To move the Cyber Security Society from the Knowledge Management Group to the CGCU Management Group
Decision(s):	To **approve**.

1. Context

Cyber Security Society formed under the New Activities Incubator programme in 2023, graduating to the Knowledge Management Group in March 2025.

The committees of Cyber Security and CGCU feel that Cyber Security would be better placed under the CGCU Management Group, who they believe will be able to support their core activity more effectively.

CSP policy states that:

> *"5.3 All CSPs must be a member of a single MG."*
> *"5.3.2 CSPB shall decide which MG a CSP is a member of."*

2. Proposed Changes

The following changes in management group are proposed.

CSP	Current MG	Proposed New MG
Cyber Security Society	Knowledge	CGCU

3. Recommendation

CSPB is asked to **approve** the proposed change outlined in section 2.
