1. Summary

New - and returning - trustees may benefit from a reminder of the Union's Strategic Plan. To avoid the paper pack becoming too large, a link to the Strategy on the Union's website is provided below, which has a full PDF of the strategy document in the middle of the webpage. Any questions on the Strategic Plan would be welcome via email in advance of the meeting.

Elsewhere in the paper bundle for the Board of Trustees meeting, the Managing Director has referenced the intention to be begin development of the next organisational strategy in the academic year 2026/27.
